

Welcome Vendors!

We are excited to announce the coming EMU Market taking place at our museum and education center by the Hotel Elegante.

The 3rd Saturday of each month, starting February 17th, vendors will have the opportunity to participate in our fun, exciting, and productive market place. Starting in June, the EMU Farmer's Market will also launch, allowing vendors the opportunity to sell every week, not just on the 3rd Saturday of each month.

Our goal is to create a highly visible and comprehensive shopping experience for the Colorado Springs community. Our location just off I25 and Circle Drive, across from the Hotel Elegante, allows us to capture consumers from many parts of the Colorado Springs area, as well as the under-represented southern area of the city.

Marketing efforts include, but are not limited to, our vast database of teaching professionals and families from the many school districts from southern Denver south through Colorado Springs to Pueblo, and all points east and west. Additional marketing will be accomplished through radio ads, social media, signage along Circle Drive and Lake Avenue, flyer placement, and targeted ads in local circulars.

Please feel free to download a copy of our vendor application from our website: www.expandingmindsedu.com/markets, or request a PDF by emailing us at inquire@infoemu.com. Call or text Terrie directly at (760) 917-0669.

The Colorado Springs Children's Museum and Natural History Museum are taking off and gaining more and more exposure as a point of destination for families and schools in Colorado Springs. As we grow, partnerships with our valuable local businesses are an integral part of our strategic plan. We invite YOU to partner with us. Let's grow together and making something truly amazing.

Contact us today with any questions, or to plan a tour of our facility with Terrie Wieland and Daniel Riedel.

Sincerely,
Terrie Wieland and Daniel Riedel, Expanding Minds Unlimited (EMU).
